lishing company, of Carleton Place,

on January 1st.

home of Mr. and Mrs. William
Johnston on Dec. 27, and robbed
them of their infant son Roy, aged
4 months and 18 days.

—A girl baby born the other day
in Kokomo, Ind., is the fourteenth
daughter of a fourteenth daughter
of a fourteenth daughter—a record
which is thought to be unprece-
dented.

—A terrific wind storm passed
over Leithbridge, Alberta, on Thurs-
day night, MacDonald's store was
unroofed; also several small build-
ings, fences prostrated and tele-
phones and electric light wires
generally demoralized.

—Mrs. Sargent particularly wishes it
to be known that had not the gar-
bage wagon been out for the children
to feed their chickens, Christmas Eve treat,
no meeting would have taken place, not of
importance of the town, who at the time was
lying dead.

Northwest Commercial Travellers'
Association came off very pleasantly
at the Manitoba Hotel, Winnipeg,
on Thursday evening last, and was

companied by Mrs. Davin, arrived

—If our correspondent who signs
himself "Sommolquist" will send
his name and address, we shall be
happy to publish his communica-
tion. The name and address are
not necessarily wanted for publica-
tion, but as a guarantee of good
faith. When sending any further
communication, please write on one
side of the paper only.

—The Canadian Pacific has is-
sued a circular stating that cars
containing grain from Manitoba,
which remain at North Bay beyond
twenty-four hours waiting further

ance orders will be charged demur-
rage at the rate of \$2 per car per day,
and also that the company reserves
the right to refuse shipment con-
signed to North Bay for orders
from any shipper who persistently
delays cars at that point.

—An influential delegate from
North Dakota went out for the
Yorkton district Saturday morning
by the M. & N. W. train. Another
from Nebraska, representing be-
tween 20 and 30 families, left by
the same train with the same object
in view. Both say that the reports
from the settlers already located are
most satisfactory.—Tribune.

—A meeting of representative
butter and cheese producers and
dealers will be held on Thursday,
Jan. 9, in the Exchange Rooms,
Winnipeg. The object of the meet-
ing is to consider the necessity
existing for a central market for
cheese and butter, and if considered
opportune to take the necessary
steps to organize a dairy section of
the Exchange, which has full power
under its charter to act in that
direction. All those interested in
dairy products are particularly in-
vited to attend the meeting.

—Diphtheria still continues its
ravages here, says the Fort Qu'Ap-
pelle correspondent of the Regina
Leader. Mr. J. F. Vidal has lost
another child, boy, twelve years old.
Mr. Meahan, the carpenter at the
Industrial school, has also lost a
daughter of almost the same age.
The question is now being asked
why there is not a Territory Board
of Health, so that prompt measures
could be taken by the authorities
to prevent the spread of the disease.
This is done in Ontario and Mani-
toba and why not in the North-
west?

—The picture calendar for 1896,
put forth by the Redwood and Eu-
repe Breweries, from Winnipeg, is
an exceedingly handsome and highly
artistic production. The subject of
the picture, which measures some
three feet by two, is "Heroes of the
Goodwin Sands," which represents
a group of three typical lifeboat
men all gazing intently in the same
direction across the ocean towards
the "Goodwins." The hardy and
brave sons of the sea are evidently
anticipating some tough work, for
they have their life belts on and
are otherwise equipped for taking
the water at a moment's notice.
The three men represented are J.
Lanning, J. Mackins and R. Roberts,
who, among them, have, at the
eminent risk of their own lives,
saved from a watery grave no less
than 560 people. Mr. Edward L.
Drewry is to be congratulated upon
his having secured such a finely
executed subject, one which his
patrons cannot, we should imagine,
fail to fully appreciate.

MR. LUXTON AND MARTIN.

Both are en route to Victoria to take
part in the campaign.

Mr. W. F. Luxton left the city
happily on Sunday. He took the
west bound train and his destination
is Victoria, B.C. It is said Mr.
Joseph Martin M.P., is now out at
the coast in the interest of the
Liberal party. Consequently upon
Col. Prior's appointment there will
be a bye-election in Victoria very
soon. Mr. Martin evidently in-
tends venturing his views on the
Manitoba school question, and Mr.
Luxton will be on the spot to check
him up. Lively times are in store
for the electors of Victoria when
these two diametrically opposite
gentlemen will discuss the school
question.—Nor'Wester.

Mr. R. A. Ball and his son, the
famous colored stereopticon exhibi-
tors, gave a very enjoyable enter-
tainment on Christmas evening,
under the auspices of the Methodist
church. The entertainment consisted
of a series of scenes from the far-
famed "Uncle Tom's Cabin," inter-
sprinkled with comic scenes and
negro melodies.

Send the Little Ones Happy to
Bed.

Not with a reproof for any of
that day's sins of omission or com-
mission. Take any other time but
bed time for that.

If you have ever heard a little
creature singing in its sleep, you
could never do this. Send their
closing eyelids with a kiss and
blessing. The time will come only
too soon when they will lay their
heads upon the pillows without
either. Let them at least have this
sweet memory of a happy childhood;
a memory which no future sorrow
or trouble can rob them. Give
them their rosy youth; nor need
this involve wild license. The
judicious parent will not so mistake
his meaning.

If you have ever met a man or
woman whose eyes have suddenly
filled with tears when a little child
has crept trustingly to its mother's
breast, you may have seen one in
whose childhood's home, stood digni-
ty and severity where love and
purity should have been.

A Narrow Escape.

Cecile Ross, of Fairmont, N. J.,
says the N. Y. Advertiser, while
walking toward Hackensack, Sat-
urday night, along the New Jersey
and New York Railroad track, ac-
companied by a young lady, was
horrified to find the body of a man
lying directly across the track on
which a train was approaching.

Ross grabbed the supposed dead
man by the leg and dragged him
off the track to the gutter. To the
surprise of his would-be rescuer the
man pounced a torrent of oaths at
Ross, demanding to know what
business he had to disturb his
slumbers. The man was intoxi-
cated, and would have been bound
to atone in a moment, as the train
sped by just as Ross pulled him
from the track.

The young woman who accom-
panied him was so frightened that
she went into hysterics.

The Markets.

Winnipeg Commercial.
Holidays week is usually a dead one in
the grain trade, and nothing unusual
has occurred this week. United States
markets took a holiday on Tuesday, as well as on
Christmas day. Locally the situation is
about the same. Prices in Manitoba country
are a little higher than at about the decline
reported a week ago. Prices to farmers in
Manitoba country markets have risen on
the basis of about 7 to 10c for No. 1 hard,
according to freight rates and local conditions
at the different markets. There has been
very little business in round lot transactions
in this market. Some business has been
done in May wheat at between 50 and 60c
per bushel for No. 1 hard, Fort William de-
livery, and we quote 50 to 51-1/2 for May
delivery. December 54 to 51-1/2 for No. 1
hard, Fort William. A few cars are going
through all rail to North Bay for the ocean
Canada trade. The movement from Mani-
toba country points to Fort William, to go
into store, keeps up large as compared
with previous years, and now that no ex-
port shipments are being made, stocks at
Fort William and interior points are in-
creasing considerably by each week.
